Subject: Publication Notification of CGSB Glass Standards

We wanted to send a quick note informing you that CAN CGSB has announced the publication of two (2) new “Glass” National Standards of Canada:

- **CAN/CGSB-12.1-2026 Safety glazing (Supersedes CAN/CGSB-12-1-2022)**

[Safety glazing.: P29-012-001-2026E-PDF - Government of Canada Publications - Canada.ca](#)

[Vitrage de sécurité.: P29-012-001-2026F-PDF - Government of Canada Publications - Canada.ca](#)

- **CAN/CGSB-12.8-2026 Insulating glass units (Supersedes CAN/CGSB-12-8-2017)**

[Insulating glass units.: P29-0012-008-2026E-PDF - Government of Canada Publications - Canada.ca](#)

[Vitrages isolants.: P29-0012-008-2026F-PDF - Government of Canada Publications - Canada.ca](#)

This has been a monumental effort especially considering that due to the last Canadian federal budget, CGSB will cease operations effective **March 31, 2026**.

There are many to applaud for their efforts in bringing these standards to completion by the deadline, namely the Canadian Glass Committee, particularly its Chair, Margaret Webb as well as CGSB staff, especially Sohaila Moghadam.

Each standard revision will need to be evaluated by the certification programs for changes to certification requirements, testing, and labelling. That process will start in the coming weeks. For now, current certification requirements will remain in effect.

Thank you for your participation and if you have any questions, please do not hesitate to contact us directly.

SGCC Program (Tests to CAN CGSB 12.1): SGCC@amscert.com

IGMAC Program (Tests to CAN CGSB 12.8): IGMAC@amscert.com
